

### Problem

The client was on a two year downside after not investing into their online marketing presence. They were one of the first online brands selling sparklers to consumers and organically ranked very well until the competitive landscape caught up and began outranking and outselling the brand. By 2017, they were down over 70% in organic sessions over the previous year.

### Goal

Revenue

### Solution

- New conversion oriented site focused on brand authority and recognition with clear product offerings. All optimized for search.
- SEO after site launch with an expected 6-9 month timeline to see quality leads from Google pick up (SEO launched in February 2019. Target timeline for results Aug-Oct 2019.
